

## Book Overview

When Andy Norton joins an evangelism team headed for West Berlin during the height of the Vietnam War, he thinks he has all the answers. Little does he realize the experience will become a crucible that forces him to re-evaluate virtually everything he believes. In the spirit of the best coming-of-age tales, *Chrysalis Crucible* takes Andy—and the reader—on a journey of discovery, transformation, and rebirth.

# Chrysalis Crucible

“The read dances to and fro on the journey toward ‘pure heart’ and ‘true faith.’ What do love of God, love of neighbor, and love of enemy mean for belief and behavior in the context of unconscionable killing and suffering inflicted by Americans—even Christians—in WWII and Vietnam? Stock Evangelical arguments, with opposing perspectives, are there to hear and see. What really is the gospel we proclaim?”
